Then, add some water to Ghassoul Clay to make a clay mask and apply it to your face and body. Wait for the mask to dry. Ghassoul clay mask has strong cleansing and detoxifying properties.

Finish the ritual by applying precious Argan Oil to your skin. Argan Oil, often called the elixir of youth, moisturizes the skin and helps it to regenerate. It soothes your skin after such a deep skin cleansing treatment. Hammam Ritual leaves the skin healthy and glowing for a long time.
